

Estelaria Park ? History

History

Estelaria Park was founded by the company Mediterranean Leisure Group and opened in 2009 with three themed areas. In 2015 the park underwent its largest expansion with the opening of the Marine World area and its aquarium. In 2023, Estelaria broke its attendance record by welcoming 1.8 million visitors in a single season.

The park currently employs around 650 people during the high season, including ride operators, catering staff, security and maintenance.

The company plans to open a sixth area, dedicated to a medieval fantasy world, in 2027.

Safety and access rules

Safety rules

For your safety, always follow these rules:

- Follow the instructions of the park staff at all times.
- Loose objects (phones, glasses, bags) are not allowed on the rides: use the lockers or the compartments provided.
- Respect the minimum height required for each ride.

Minimum height per ride:

- Red Comet: 1.40 meters.
- Vertigo Tower: 1.30 meters.
- Wild River: 1.10 meters.
- Stellar Carousel: no minimum height (children under 6 must be accompanied by an adult).

Access and general rules

The park is fully accessible for visitors with reduced mobility, with ramps and adapted access. Animals are not allowed, except guide dogs. Outside food and drink may not be brought in.

Lost property can be recovered at the Visitor Services office located at the exit. For more information, visit www.estelariapark.com or call 900 123 456.
